CAMPBELL COUNCILMEN are elected at large. There are no "wards" or districts as such. But the five present councilmen are from five different areas of the city. A sort of informal ward system has developed as a result.

This is logical and we think quite practical.

For example, Bill Smeed comes from the eastside, across Bascom.

Bob McElroy comes from the westside in the Los Ranchitos area. Ed Rogers from the Coventry Village sector, sort of the west-central part.

Charlie Rose is from the north-central area while Ralph Doetsch, resides in the southern part of the city.

Thus without any definite pre-arranged planning, the five city dads pretty well cover the city as far as their home-bases are concerned.

Naturally this situation is based entirely on the electorate. It is conceivable but highly improbable that all five councilmen could be from the same section of town.

But we prefer this spread-formation.

-o-

BY HAILING from different sections of the city, the councilmen are more prone to concentrate on their individual areas and call attention to obvious deficiencies which they are exposed to daily. They sort of spread their fire.

This was apparent the other night at the council meeting.

Rogers called attention to the said plight of the trees in his area that were badly in need of spraying. He wondered if it would be possible to work out an arrangement whereby the city could overlap a few feet on private property when spraying in order to keep the trees alive.

McElroy noted that the street-light poles in his section of town were badly in need of repairing and the pavement on one street was sinking.

Smeed asked for information as to how intersections on the eastside could be lighted.

Doetsch suggested a traffic count and study be made on S. Winchester. He wondered if it would be possible to allow parking on one side of the street at certain hours each day, pointing out that the merchants in one area had no on-street parking.

We agree that this informal borough system can be carried to an extreme, admittedly it could develop into a sort of small-scale "pork barrell" operation (You scratch my back and I'll scratch yours' sort of thing).

But on the whole we think it has considerable merit.

CHECKING IT OUT-- A special temporary dumping area has been provided at the city-owned Rincon Park during the five-day clean-up campaign that began today directed by the Fire Department. Above, Mario Toso, (left) of the Los Gatos Scavenger Co., and City Manager Bob Stephens point to the dump site while Fire Captain Gene Borden checks the first load. The Los Gatos Scavenger Co. will clear the area each day and remove trash to the regular Guadalupe Dump.

Ends on Sunday

Five-day citywide clean-up campaign gets rolling today

It's clean-up time in Campbell for the next five-days.

Spearheaded by the Campbell Fire Department, the second annual clean-up campaign for city got underway at 8 a.m. today. It will close at 8 p.m. this Sunday, June 21.

To stimulate the activities of residents on the clean-up front, residents of the community will have free dumping privileges at the Rincon Park. A special dump has been set up at that location just for the occasion. It will be manned by members of the fire department and is well marked.

With the cooperation of the Los Gatos Scavenger Co. this temporary dumping site will be cleared each day and the trash transported to the Guadalupe Dump by the disposal company's trucks. Residents with large loads of trash should go directly to the Guadalupe Dump where there will be no charge for dumping during the five-day campaign.

The dump grounds be operating from 8 a.m. to 8 p.m. each day. No garbage will be allowed, however, in either instance.

According to Fire Chief George Maxwell, the main objective of the clean-up campaign is to eliminate many of the fire hazards that exist in many backyards, attics and basements because of the accumulation of trash and rubbish.

The department also plans to make inspections of homes and businesses during the drive to further assist in making the community safer from fires.

Last year the campaign was highly successful with hundreds of residents taking advantage of the free dumping privileges. Various civic groups have enthusiastically endorsed the project and the fire department anticipates another record-breaking event.

School budget goes up

To accomodate the anticipated hike in enrollment of 800-1000 students in the Campbell Union (elementary) School District, the budget for the school district will probably go up about $736,118 for next year.

Last Thursday, the trustees adopted the tentative general budget of $5,840,237 compared to last year's $5,104,237. This year's budget will be supplemented by $135,000 cafeteria payroll funds which must now be processed through the general fund by state order. Income is from sale of meals.

The board set August 6, at 7 p.m. as the public hearing date for the 1964-65 budget in the district administration office.

Superintendent William C. Henley estimated that the current general purpose tax rate of $2.268 per $100 assessed valuation can be cut from six to eight cents, despite the increased budget because of the rise in assessed valuation in the district.

Board approves foreign language program for elementary grades

Plans for developing the foreign language program in the elementary schools of the Campbell district were approved at a recent trustees meeting of the Campbell district.

Beginning in September, 1965, sixth graders will be introduced to the Spanish language as a part of the course of study dealing with Latin America, the board learned from Mrs. Helen Peterson, director of instruction, and Tony Perreira, chairman of the foreign language committee.

According to the plans, students will learn through activities and materials that emphasize the language in its cultural setting, along with simple greetings and phrases.

Two trustees, John Merriell, and William Parton, also expressed the hope that plans for a second language be explored.

Mrs. Peterson estimated that it will cost more than $100,000 to employ the required foreign language teachers. It was also pointed out that Forest Hill School has had an experimental program in Spanish instruction for the sixth grade for two years.

High school athlete loses life in traffic accident

Tragedy struck a Campbell family and the high school graduating class early Saturday morning on the eve of commencement-week casting a pall of sadness over what ordinarily be a happy occasion.

Funeral services were conducted Tuesday afternoon for Randy Russell Knight, 18-year old Campbell High School star athlete, the eldest son of Mr. and Mrs. Russell Knight, 135 Virginia.

Randy was killed early Saturday morning when the car in which he was a passenger went out of control and smashed into a Los Gatos house.

Injured in the tragic mishap were two other Campbell High School students, David Landry, 17, 2347 Maxmillian Drive, and John Woodmansee, 17, of 2191 Chesley Drive.

Randy, who set an enviable athletic record during his high school career, was to be graduated this Friday, June 19.

A special Campbell High School memorial service for Randy was held Monday evening at the Campbell Memorial Chapel. Funeral services were conducted Tuesday afternoon at the First Baptist Church. Rev. Billie Pate officiated. Campbell Memorial Chapel was in charge of the services.

Los Gatos Police said the boys' car was apparently northbound on Santa Cruz Ave. when it swerved off the road and slammed into a house owned by Antonio Mattius, 15880 Winchester Blvd. The accident occurred about midnight on Friday.

RANDY KNIGHT

The youths had been to a "Year Book" dance at Campbell High School and had just left "Magoo's Pizza Parlor" on Santa Cruz Avenue in Los Gatos. A fire was prevented at the scene of the accident when Officer Art Roy arrived and closed off a main gas valve that had ruptured when the car hit the house. The two other youths were not seriously injured and are now in Los Gatos Community Hospital.

Knight, who had received at least two offers for college athletic scholarships, was a star end on the 1963 Campbell High School varsity football team. He had also been named to the West Valley All League baseball team.

In addition to his parents he is survived by five brothers and sisters, including Darlene, Pamela, Ricky, Jerry and Tommie Knight. He was the grandson of Mrs. Ora Knight of Porterville.

Board sets bond vote

It is now official.

On September 15, in conjunction with the bond election of the Campbell Union High School District, the Campbell elementary school district will also have a bond election.

Last week the trustees of the Campbell Union (elementary) School District authorized the call for a $5 million bond vote and $3 million for state aid authorization.

The high school bond issue will be for $10 million.

Jaycees to form

Formation of a Campbell Junior of Chamber of Commerce appears a certainty as a result of a special meeting held last week attended by more than 20 young men of the area.

The new Jaycee organization will probably be officially launched this Thursday, June 18, at a meeting to be held the Bank of America, Campbell Ave. branch, according to Gene Intrieri, one of the organizers of the local group. Further information can be obtained by contacting him at 294-5420, ext. 318.

Over has it over under

Trustees of the elementary school district have advised the City Council that the school district prefers an overcrossing to an undercrossing for Rosemary School students.

But the type of crossing is now in only the vaguest of planning stages. Hamilton Ave. must first be widened and improved in front of the school.

The council, however, has given the go ahead signal for this street improvement project.

Rare blood club seeks members

Persons with rare blood types are invited to join a club near them that makes blood available in emergencies.

Approximately 25 percent of the population has one of several types of rare blood. Persons interested in joining a club in this area should contact Charles D. Woodhouse, secretary, 280 Esther Ave., Campbell or telephone 378-6057.

Highway official tells why no Campbell sign on freeway at Bayshore -17

It's the location and not the population that counts in road-signs.

As a result, Campbell-bound motorists will just have to learn how to read road-maps better than those traveling to Los Gatos and Santa Cruz. Or have a better idea of where they are headed before they get on the freeway.

That seems to be the gist of the latest road-block in Campbell's campaign to get better freeway markings.

Getting "CAMPBELL" on the road-sign at the junction of Bayshore and Route 17 freeways along with "LOS GATOS" and "SANTA CRUZ" will be going against a Division of Highways policy, Supervisor Ralph Mehrkens was informed recently.

In a letter to Mehrkens, H. Ayanian, a deputy district engineer, explained that Los Gatos and Santa Cruz were selected at the junction at Highway 17 and Bayshore to appear on the overhead signs, not because of their population, but because of their location.

"Los Gatos is located at the junction of two State highways," the engineer wrote, "and

It's clean-up time

For the next five days, residents of this community have an excellent opportunity to get a "free ride" as far as getting rid of that backyard trash that has accumulated.

Spearheaded by the Fire Department, a clean-up campaign is being conducted in Campbell. During five days (June 17-21) local residents will have free dumping privileges at the city's Rincon park or at the Guadalupe Dump off Coleman Road.

If your place is like ours, there should be no trouble getting stuff to haul to the dump. We plan to take advantage of the situation.

Not only will the fire hazards be cut down considerably (which is why the Fire Department, of course, is so interested) but the town should look a great deal better.

We know our own backyard will. How about yours?

Dealing in millions

Campbell city councilmen are undertaking the herculan task of adopting the budget for the city for 1964-65.

The budget for the city is no longer penny ante stuff.

The city administration is now concerned with millions, to use the term loosely.

Actually the city will deal with a little more than $2 million in all funds this next year. There is estimated to be $2,019, 130 available for allocation, including present reserves and storm drain and street bonds.

Income for next year from all sources is estimated to be $1, 216, 733. The estimated balance at the end of this fiscal year is $802, 397.

But whether we expansively say that our city is involved in millions or use the exact figures, the fact remains that our little town has climbed quite a distance, fiscally speaking, since those early days of incorporation.

But we venture to assert that no more interest will be shown by the average citizen in the outgo and income of the city during the budget sessions this year than has been the case in the past 10 years or so.

We recall before the sales tax days (for the city, that is) that it was a mighty tough struggle to raise enough money to keep the city doors open. The assessed valuation with 50 and 60-cent tax rate didn't bring in a heck of a lot of dough. In 1954-55 the assessed valuation was $6, 951, 340 compared to an estimated $34, 974, 340 this next year.

There wasn't much room for frills. As a matter of fact there wasn't much room for anything. At that time, as we recall, the police force had only three men and there were the same number in the fire department.

But that is all past history. We were talking about millions, weren't we?

Anyway we think local residents will find it educational and even interesting to set in on the budget sessions as the city councilmen ponder the budget as presented by the city manager.

The budget as presented by the city manager is the most comprehensive in the city's history.

The city council will undoubtedly make changes by reducing some proposed allocations. The city council might also raise some.

But be that as it may, the City of Campbell is now big business and you all should be interested as stockholders.

Shucks, it's your money that is being spent.

Church plans ethics course

The Reverend A.D. Carson, Vicar of St. Lawrence Episcopal Church, Campbell, has announced an eight week course in ethics will be offered beginning Tuesday evening, June 23rd at 8:00 P.M. Classes will be held at 65 West Rincon Avenue, Campbell. The public is welcome to attend regardless of church affiliation.

"The Christian today is faced with making decisions and living the Christian life within a culture which makes demands and presents conditions far removed from the Christian ethic," said the Reverend Mr. Carson. "This course is designed to present some answers to this dilemma."

WVJC trustees work on budget

Trustees of West Valley Junior College last week began an extensive study of a tentative district budget for 1964-65 that totals $4, 362, 622.

This figure includes a proposed expenditure of approximately $1, 180, 000 in payment to other districts for educating West Valley students eligible to attend their junior colleges. The budget is based upon an estimated assessed valuation of $506,141,663, an increase of 9 per cent over the current year.

James P. Hardy, WVJC dean of business services, said the budget submitted undoubtedly will need some changes as better information on next year's requirements is developed. One particular handicap, he noted, has been the lack of a faculty to aid in determining the budgetary needs of specific instructional areas, particularly relating to equipment. Faculty members for the new institution will begin their duties in the fall.

Further work on the budget is scheduled for the trustee's regular meeting June 18.

Bidders make another try

New bids had to be called for the nine-classroom addition of the Cherry Lane School, C. E. Bradley, district business manager, informed the board at the last meeting, because the first ones were too high.

The board authorized new bids to be submitted on June 25 at 4 p.m.

Bradley explained that all the original bids had to be rejected because they exceeded the maximum allowed by the state.

In the original bidding, Norman Sinclair with $188, 429 was low bidder. Armand and Smith bid $188,800 and the high bid was $201, 100.

Bradley said the low bid was approximately $8,500 over the state figure and that he had revised the specifications for the new try at it.

patrols within the city limits of Campbell have been established through a new ordinance the city has adopted.

The new ordinance, which was largely the brain-child of Police Chief John Morgan, calls for a $10, 000 bond to be furnished by any private patrols doing business in town.

Before the council passed the ordinance, there was considerable discussion over the size of the bond required. A representative of a private patrol interested in setting up shop in Campbell claimed that a $10, 000 bond was too steep. He explained that his service had been licensed by the state. The state only required a $1000 bond.

But the council felt that the chief's recommendation should be followed and kept the $10, 000 figure.

While we agree that stringent controls should be levied on private patrols operating in the city, we wonder about this wide variance between the state and city on the bond bit. The county, too, requires $10, 000.

We have no idea of what the size should be. That's a little out of our line. As a matter of fact we don't even know if there is a need for a private patrol.

But it seems just offhand there shouldn't be such a wide discrepancy on bond requirements among the various governmental agencies.

A PERSONALIZED marketing service has developed in our office. It is on a rather small scale and we have no plans to expand it.

A woman calls our office somewhat irregularly for an oral review of the Safeway specials for the week.

So we spread out the Safeway ad before us and do our best to satisfy her market list requirements. She has informed us that she can't see very well, so we really don't mind the time it takes for this extra special service.

But you will have to admit, we try hard to please.

Somehow we just can't picture such an occurence taking place on a metropolitan sheet.

Rescue call; Can stuck on baby's head

The Campbell Fire Department has a reputation for giving aid in all kinds of emergencies.

An unusual case came up recently when a distraught father brought his year old son to the station with a three pound coffee can stuck tight to his head.

The youngster, Ken Hsu, of 1420 Antonio Lane, was given relief by Captain Bill Morgan, who punctured a hole in the can with a can opener to give the baby air. Then he gradually worked the can off the baby's head.

Highway sign

Santa Cruz is the terminal city on the route. We feel that the existing signs provide adequate and effective directional information for the majority of the motorists."

The engineer explained more fully the complicated problems affecting highway markings:

"The signing of freeways is a complicated matter and provisions of directional information to adequately serve the needs of all motorists is a major problem.

"Due to the high speed and high volume of traffic existing on most highways today, particularly on freeways, it has been found necessary to limit the names on signs to two at decision points such as at a turnoff from a freeway.

"In the interest of traffic safety, signs must be located and proportioned so that motorists may recognize the message, comprehend the meaning, make decisions, and direct their vehicles into proper lane without a reduction in speed.

"Very careful consideration is given by this Division in selecting the destinations used on the directional signs, especially at turnoffs from a freeway. Population is not necessarily the most important consideration in this selection. The location of the city or community on the route is often more important."

The engineer also implied that Campbell-bound motorists may be smarter than others.

The engineer adds that the Division also must assume that motorists headed for Campbell have consulted a map or have some prior knowledge of local geography and know they should follow Route 17.

In all fairness, this same thinking also applied to those going to Saratoga and Monte Sereno or other communities in the general area.

Nowadays lighting costs you less because your PG&E rates have gone down

Nearly everything has gone up in price these days . . . except your PG&E rates. They have gone down lately. As a matter of fact, the typical PG&E household customer pays less today than 30 years ago for the same amount of gas and electricity. But count the things around your home that gas and electricity are doing for you and your family today. You are using 3 times as much as families did 30 years ago. So naturally, though the unit price is lower, your bill is bigger. Any way you look at it, you live better for less because PG&E service is a bigger bargain than ever.

The Art Tindalls join Peace Corps

Sixty-five friends, neighbors and school associates gathered at the home of Mr. and Mrs. William C. Henley on North Central Avenue Saturday evening to fete Mr. and Mrs. Arthur Tindall, former Campbell residents, as they leave for two years of service with the Peace Corps in Columbia, South America.

"Art" and Virginia, as they are affectionately known, spent seven years in Campbell. During that time Tindall was vice principal at the Campbell Grammar School.

Until recently Tindall has been superintendent of the Whisman School District in Mountain View. His many friends and associates in the area have donated to a "G. Arthur Tindall" Scholarship fund which he chose in leiu of personal gifts. Mrs. Tindall has been home economics supervisor in a Palo Alto school.

Following an intensive study for three months in Kansas City, Missouri, the Tindalls will leave for Columbia in the fall. They have promised to send some news to all of their friends here by way of the Campbell Press.

MR. AND MRS. EARL R. ISRAEL JR.
(KATHLEEN HYDE)

Wyoming wedding trip for the Earl Israels

One of the loveliest weddings of the spring season was that of Miss Kathleen Sue Hyde and Earl Raymond Israel, Jr., at St. Mary's Church in Los Gatos recently. The Rev. Richard T. Howley officiated at the afternoon ceremony.

The bride is the eldest daughter of Mr. and Mrs. Homer H. Hyde of Campbell. The bridegroom is the son of Mr. and Mrs. Earl S. Israel Sr., of Concord, California.

Kathleen, a petite brunette, was attired in a chalk white satin brocade gown with a fitted bodice, long tapered sleeves and a bell-shaped skirt. A circlet of white silk petals crowned her shoulder-length French illusion veil. She carried a cascade bouquet of white carnations centered with butterfly orchids.

The bride was preceded down the aisle by a trio of attendants identically dressed in pink chiffon sheaths. Their head pieces were short veils crowned with pink chiffon petals and they carried colonial bouquets of pink carnations. Mrs. Dale Smith of Campbell was the matron of honor. Carolyn Archibald, a school friend, and Martha Hyde, sister of the bride, served as bridesmaids. Kathleen Bresnahan and Loretta Bresnahan, nieces of the bridegroom, were the flower girls. They wore full skirted pink chiffon frocks and carried baskets of pink and white carnations. Edward Schunk of Sheridan, Wyoming, served his friend as best man. Ushers were Dale Smith and Walter Baltzer.

Following the nuptials, a reception was held at the Campbell Country Woman's Club where the newlyweds cut a four-tiered wedding cake.

The young couple left for a honeymoon trip to Sheridan, Wyoming and the Big Horn Mountains and are now making their home in the San Jose area.

The new Mrs. Israel is a graduate of Campbell High School. She is the granddaughter of Mrs. Ralph Hyde of Campbell. Out of town guests included her maternal grandparents, Dr. and Mrs. D.C. Ray, of Pocatello, Idaho.

Israel is a graduate of Sheridan High School and has completed a tour of duty in the U.S. Army in Germany. He is employed as assistant manager of Fry's Market in San Jose.

Church offers course in quilt making

How would you like to have a new quilt for your bed, designed and quilted by yourself? The First Methodist Church of Campbell will offer a class in quilt making, beginning Thursday, July 2 at 10 A. M. in the Asbury Room. Anyone with even a passing interest is invited to attend.

Patchwork quilts, which include pieced and applique, will be emphasized. This will give you the opportunity to use to good advantage all those scraps of cotton material left from your other sewing.

There is no charge for the classes. For further information, please call Mrs. Stanley Preshaw at 244-9391.

WVJC schedule now available

West Valley Junior College's schedule of classes and registration instructions for the fall semester are now available, Pres. Wallace W. Hall has announced.

OUR TOWN

By Grace Hebard

MRS. J.A. (MARGE) STOKES of 711 So. Winchester was the organizer of a delightful surprise housewarming party honoring MRS. MONICA PARR last Friday afternoon. Mrs. Parr and her two daughters, Martha and Jane, have moved from their Casey Road home to a new residence at 637 Empey Way, San Jose. At one time Mrs. Parr operated the "What Not Shop" in Campbell and was the first president of the Campbell Garden Club. About 20 friends surprised Mrs. Parr with a salad luncheon. Mrs. Stokes arranged the floral centerpiece and corsages of red roses. All the guests presented homemade hankies to the honoree..
